

appendix B

flowchart for responding to e-safety incidents

Note: this flowchart originally appeared as 'Flowchart for responding to internet safety incidents in school' in the Beta publication *E-safety: Developing whole-school policies to support effective practice*. We have revised and updated it to include additional lines of reporting, to CEOP [<http://www.ceop.gov.uk>] and the Internet Watch Foundation [<http://www.iwf.org.uk>].
